social and cultural anthropology and archaeology are rich subjects with deep connections in the social and physical sciences over the past 150 years the subject matter and different theoretical perspectives have expanded so greatly that no single individual can command all of it consequently both advanced students and professionals may be confronted with theoretical positions and names of theorists with whom they are only partially familiar if they have heard of them at all students in particular are likely to turn to the web to find quick background information on theorists and theories however most web based information is inaccurate and or lacks depth students and professionals need a source to provide a quick overview of a particular theory and theorist with just the basics the who what where how and why if you will in response sage reference plans to publish the two volume theory in social and cultural anthropology an encyclopedia features benefits two volumes containing approximately 335 signed entries provide users with the most authoritative and thorough reference resource available on anthropology theory both in terms of breadth and depth of coverage to ease navigation between and among related entries a reader s guide groups entries thematically and each entry is followed by cross references in the electronic version the reader s guide combines with the cross references and a detailed index to provide robust search and browse capabilities an appendix with a chronology of anthropology theory allows students to easily chart directions and trends in thought and theory from early times to the present suggestions for further reading at the end of each entry and a master bibliography at the end guide readers to sources for more detailed research and discussion

in this book i attempt to show how colonial and postcolonial political forces have endeavoured to reconstruct the national identity of morocco on the basis of cultural representations and ideological constructions closely related to nationalist and ethnolinguistic trends i discuss how the issue of language is at the centre of the current cultural and political debates in morocco the present book is an investigation of the ramifications of multilingualism for language choice patterns and attitudes among moroccans more importantly the book assesses the roles played by linguistic and cultural factors in the development and evolution of moroccan society it also focuses on the impact of multilingualism on cultural authenticity and national identity having been involved in research on language and culture

for many years i am particularly interested in linguistic and cultural assimilation or alienation and under what conditions it takes place especially today that more and more moroccans speak french and are influenced by western social behaviour more than ever before in the process i provide the reader with an updated description of the different facets of language use language maintenance and shift and language attitudes focusing on the linguistic situation whose analysis is often blurred by emotional reactions ideological discourses political biases simplistic assessments and ethnolinguistic identities
